

Te Papapa School

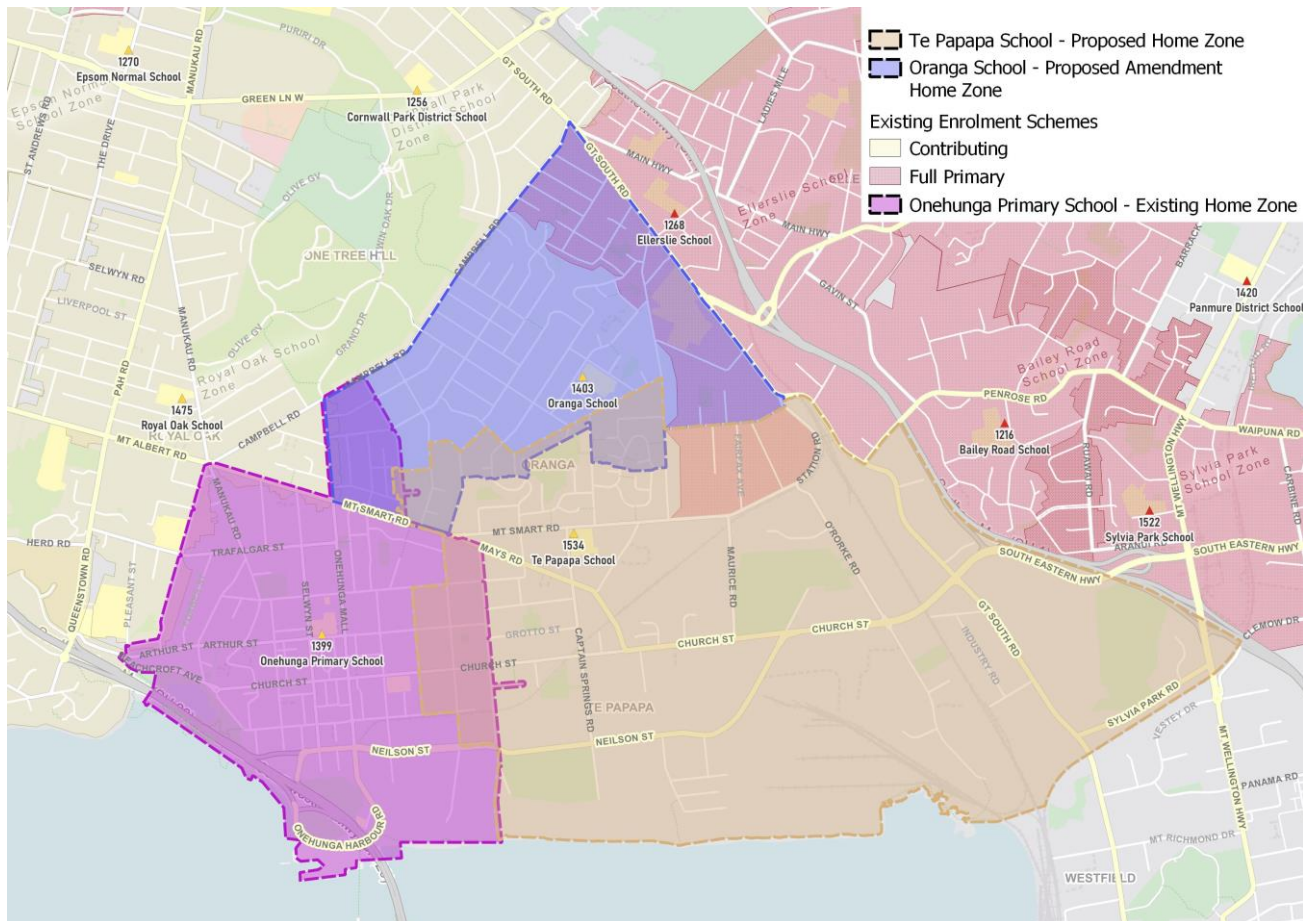

New Enrolment Scheme

Overview – what is happening?

The Ministry of Education is developing an enrolment scheme for Te Papapa School, which will be in effect for the beginning of term 1 in 2022. Having an enrolment scheme in place will ensure the Board of Trustees has a fair and transparent mechanism to manage the roll as it grows. Children that live within this area will have entitlement to enrol at Te Papapa School. The home zone area is shown on the map on the next page and includes:

What does this mean for my family?

If you live in enrolment scheme home area for Te Papapa School you will be entitled to enrol your child at the school. This entitlement applies to new students starting school, as well as any primary school aged children currently attending another school in the area.

Families who live outside the enrolment scheme home area of Te Papapa School do not have entitlement to enrol and could only attend if the Board of Trustees planned to enrol any out of zone students. The enrolment scheme will establish the process for this, and places will only be available if the Board of Trustees considers it has the capacity to allow for this. Further information about whether any out of zone places will be made available will be made later in 2021.
